WHOLESALE PRICE LIST NO. 80

FOR NURSERYMEN ONLY

SPRING 1927

GROWERS AND DEALERS IN
FOREST AND SHADE TREES
AND ORNAMENTAL SHRUBS

FOREST NURSERY COMPANY Inc.

ESTABLISHED 1887 BY J. H. H. BOYD

McMINNVILLE, - - - - TENNESSEE

WHOLESALE TRADE LIST

TO THE TRADE

Again we take pleasure in quoting you prices on the list of stock which we are in position to furnish on this date, January 10th, 1927. In addition to the stock listed on the following pages we have small quantities of several items on which we will be glad to quote by letter, however these are items we have in quantities to limited to include in this Trade List.

Terms. Our terms are cash or satisfactory reference before shipment goes forward, from parties unknown to us. To customers who have established credit, terms 3 per cent cash ten days or 60 days net.

Guarantee: Care is exercised to keep varieties true to name as labeled and we agree to replace all that may prove otherwise but in no instance will we be liable for a greater amount than original price paid us for such stock. No further guarantee expressed or implied. All claims to receive consideration must be made on receipt of shipment. Our responsibility ceases when shipment is delivered to transportation company.

Cost of boxing, baling and packing charged for at cost. This list cancels all previous quotations.

Shipping season now in full swing, will continue up to April 15th. Full shipping directions should be given with each order. Please give us a list of the items in which you are interested.

Very truly yours,

FOREST NURSERY COMPANY, Inc.
BOYD BROTHERS.

2 to 3 feet Tr. 2-yr.	8.00	75.00

Note—The above varieties of 2-year, transplanted Altheas are good stocky plants that got mixed in our storage and we were unable to separate. Any one desiring mixed colors would make a good buy to get some of these.

SEEDLING ALTHEA, or Rose of Sharon.

These are grand flowering shrubs. There is a wide range of color, and not a day from the middle of July until September—a time when so few other shrubs are in bloom—that Altheas are not aglow with flowers. They have no insect enemies, grow well anywhere, are splendidly suited for shrubbery borders, for colony plantings and hedges. The planter who uses them freely makes no mistake.

Althea Rosea. Mixed colors.

	Per 100	Per 1000

HARDY CLIMBING VINES AND CREEPERS

Vines are useful in many ways. They give quick results when planted on a new place, before trees and shrubs become established. For covering fences, rocks, walls, banks and trellises, they are peculiarly adapted.

EVERGREENS (COLLECTED)

Evergreens are pulled in the mountains; will only be collected on damp days. Orders will only be booked subject to our being able to have them collected. Do not expect all of them to live when lined out in the field. A certain per cent will die under the most favorable conditions. They should always be shipped by Express.

FOREST TREE SEEDLINGS (COLLECTED)

This Stock is not Nursery Grown but is collected from the mountains and Forests.

Note—Most collected seedlings, such as Maples and some others, except large sizes, are crooked near the ground and should be cut back to crown before planting. They grow up straight, smooth and much faster and quicker than when planted without cutting back. We cut back all seedlings to crown before transplanting.
